

# ***Mortimer Neighbourhood Development Plan Steering Group***

## **There Will Be More Houses in Mortimer**

As part of the national need for more houses it is likely that about 110 extra houses will be built in Mortimer by 2026.

However, you have opportunities to have your say on how this will happen and its impact on the future character of the village. Feedback from the events below will guide a questionnaire and help shape the final Mortimer Neighbourhood Development Plan. In time, the community will vote whether to adopt the plan as a statutory planning document for Mortimer.

## **Do you want to have your say on how this is done?**

**You can, by coming along to one or more events in the  
Old Budgens Shop on Victoria Road between  
14th February and 1st March**

It's your village your choice

## **Come and See the Details**

Get a vision of how Mortimer might look in the future.

Drop in to see the exhibition and see the current proposals as to where the houses might go, what they may look like and what the other policies might be.

See overleaf for dates and times

## **Come and Tell the Steering Group Your Views**

Come along and put your views, make your recommendations or just ask questions. Each session will start with a short presentation, followed by round table discussions. Some focus on the proposed sites for houses and their design; others will focus on the associated issues like flooding, schools, parking employment etc.
